

**Bedgerabong Public School. Parent Survey- Literacy and Numeracy**

As a part of our School Plan, we are committed to raising Literacy and Numeracy Standards. Research tells us that the best learning occurs when there is a partnership between all of the stakeholders – students, teachers and parents. One of our strategic directions is around building the capacity of parents in understanding the learning that is undertaken at school in Literacy and Numeracy. Ultimately, we would like to enable parents, students and teachers to be able to engage in goal setting with a clear understanding of the learning progressions for Literacy and Numeracy. This would build on from our parent workshops in 2017 with Mrs Corke. You are not required to learn or necessarily implement any of this. It is more around having a level platform for teachers, students and parents to have productive conversations, using the same language, about student progress.

In order for us to be able to effectively plan to support you, the parents, it would be greatly appreciated if you could complete the following and return it to school by FRIDAY 1<sup>ST</sup> JUNE 2018

Name \_\_\_\_\_

<b>Question</b>	<b>Yes</b>	<b>No</b>	<b>Sometimes</b>		<b>Yes</b>	<b>No</b>	<b>Sometimes</b>
I feel comfortable listening to my child read at home.				I feel comfortable assisting my child with maths homework.			
I understand the importance of listening to my child read aloud every night.				I understand all areas of maths.			
I would like to know how to prompt my child if he/she does not know the word.				I am familiar with the content taught in maths lessons.			
I would like to know what sort of questions to ask my child after he/she has read.				I would like to gain a greater understanding of ways to help my child improve in maths.			
I would like to learn how to set goals with my child to improve his/her reading.				I would like to learn how to set goals with my child to improve his/her maths.			
I am aware of the sequences involved in student Literacy Development.				I am aware of the sequences involved in student Numeracy Development			
I would like to be supported in developing my understanding of how my child proceeds through the learning progressions in Literacy				I would like to be supported in developing my understanding of how my child proceeds through the learning progressions in Numeracy			
I would be interested in attending school based workshops to further develop my understanding of Literacy and Numeracy development to assist my child.				I would prefer daytime workshops session (2-3 hours)			
				I would prefer afternoon workshop sessions.			
				I would prefer evening workshop sessions.			

Are there any specific areas of Literacy or Numeracy Development/progress or other areas that you would like to comment on?
